Hollywood gossip, hot off the presses

Scott's BARELY LEGAL BLONDE

AS HE PARTIES HARD WITH HIS NEW 18-YEAR-OLD GIRLFRIEND, THE REALITY STAR IGNORES HIS KIDS!

On Sept. 30, the pair left the Trump SoHo hotel in the afternoon, hit up two East Village bars, a house party, 1Oak and SoHo House, then headed back to the house party and called it a night at 6 a.m.!

**KOURTNEY'S
GIVEN UP**

INSTAGRAM: @LINMICK

Lindsay posted this racy shot of herself and Scott in matching furs...and very little else.

THE party keeps rolling for **Scott Disick**. The troubled reality star is now hot and heavy with a beautiful model and college student, **Lindsay Vreckovnik**, who, at 18, is 14 years his junior! Since meeting at 1Oak last month in

NYC, the pair have been inseparable, partying and clubbing on both coasts and recently bar hopping in New York until 6 a.m. Meanwhile, Scott hasn't seen his three children with ex-girlfriend **Kourtney Kardashian** for three weeks!

"Scott invites Lindsay over for hotel parties with his friends, and there's plenty of alcohol and drugs,"

an insider tells *Star*. "Scott doesn't care how young she is or what he is exposing her to, but her parents should definitely be worried. Lindsay doesn't belong around Scott and his toxic friends."

BAWDY BACHELOR

Since breaking up with Kourtney, 36, Scott's girlfriend of nearly a decade and the mother of his three children, Mason, 5, Penelope, 3, and 9-month old Reign, the self-proclaimed lord, 32, has proudly paraded his sexy new female friends.

But he seems to have taken a particular shine to Lindsay, who just graduated high school in May and in July left her home in Toronto to start her freshman year at Parsons School of Design. "Lindsay's addicted to the limelight," says the insider. "Soon after she arrived in the States, she met **Ed Westwick** and broke up with her boyfriend, and she's since moved on to Scott."

When Kourtney heard of Scott's latest antics with his much-younger paramour, her reaction was stone cold. "She's furious, because Scott hasn't seen his kids in weeks. He attempts to Skype with them, but it's not the same," says the source. "Kourtney also suspects he's still abusing alcohol and drugs. She's worried about their children growing up without their father. It's sad, but he's really just a deadbeat dad." ★

Bachelor In Paradise

Forget couples counseling or amicable coparenting. *Star* has learned that the *real* reason behind Ben's smile is a steamy new fling!

BEN'S

HOT NEW HOOKUP!

SINCE the announcement of his split from **Jennifer Garner** after 10 years of marriage, **Ben Affleck** seems to be more devoted than ever to Jen and their three kids, going on frequent public outings and even vacations together. But "seems" may be the key word: *Star* has gotten wind of his hot hotel hookup with a mystery blonde!

On Sept. 18, a witness caught the *Batman* actor, who was accused of having an affair with twentysomething nanny **Christine Ouzounian**, rolling into The Beverly Hills Hotel with a new pretty young thing on his arm. "He pulled up in his new muscle car, a Dodge Challenger Hellcat, with a hot blonde in the front seat," says a tipster. "They were both dressed really well, like they had just come from a fancy dinner. She was in a short, tight, black cocktail dress, and he wore a suit but no tie." The pair were then whisked inside by security and escorted straight up to a suite, where they seemed keen on an early night in. "It was only about 7:30 p.m., but they looked ready to be alone," dishes the witness.

While Ben makes sure paparazzi catch him at the Farmers Market or soccer field with Jen and the kids, sources say that when the cameras aren't around, he's up to the very behavior that doomed his marriage: boozing and hunting for babes!

"He and **Jon Hamm** go out looking for women together," an L.A. scenester tells *Star*. The *Mad Men* actor is also newly single after splitting from his girlfriend of 18 years, **Jennifer Westfeldt**, and appears to have started a bromance with the divorcing *Gone Girl* star. "They hit up Ye Rustic Inn in Los Feliz late at night. Ben lines up his drinks and then they 'check out the talent,'" reports the regular at the L.A. watering hole. "Ben's trying to convince Jennifer that he's a changed man, but it's not looking like he is." ★

Playing House

While Ben's bending over backward to look like a doting dad and avoid a custody battle over kids Violet, 9, Seraphina, 6, and Samuel, 3, is it only a matter of time until Jennifer Garner sees through his act?

Blake

Slim, Single & Ready To Mingle!

Divorce is doing a body good for **Blake Shelton**, and he's ready to show off his new bachelor physique in the wake of the drama surrounding his recent divorce from his wife of four years, fellow country star **Miranda Lambert**. "I'm not eating as many fried pickles and stuff. I'm doing great. I am," says the *Voice* coach. And it shows! *Star*'s weight-loss expert Alicia Hunter, author of *The Accidental Diet: From Fugly to Fox*, estimates that the 6'5" "Honeybee" crooner has lost 50 lbs! But for Blake, looking good isn't just about revenge. "At this point, he's on a mission to find his next wife and finally have babies," dishes a music insider. "He's been eating superhealthy and working out, and he feels like a new man." Sounds like boys 'round here are ready to move on! ★

NOW

Husky As A Hubby!

THEN

SILENT TREATMENT FROM KALEY'S EXES

Even in the face of reports that his alcohol and prescription pill abuse destroyed their brief marriage, **Ryan Sweeting** (left) has had nothing public to say about **Kaley Cuoco** or their relationship since the Sept. 25 announcement of their breakup.

And that's not surprising, as it seems *all* her ex-lovers zip their lips after their quickie romances with the actress have fizzle out. Her former fiancé, rocker turned photographer **Josh Resnick** (with Kaley in 2011, right), whose five-month engagement to the *Big Bang Theory* beauty ended in March 2012, has never given an interview about their time together. And when contacted by *Star* and asked for his thoughts about Kaley and Ryan's split, Josh would say only that "Kaley is an amazing woman. We haven't talked for a long time." As for the reason behind their own breakup three years ago, he remained mum: "I will not tell you why we ended our engagement — that's personal." ★

KALEY WAS JUST JOSH-ING

REPUTATION ON THE ROX!

RUMER DIVA OF CHICAGO!

From **Liza Minnelli** to **Renée Zellweger**, some of the biggest names in Hollywood have played Roxie Hart in the Broadway musical *Chicago*, but few have taken the stage with as much hubris as **Rumer Willis**! "Rumer is a total diva. She insisted on having a whole team — they're not allowed to work with anyone else on the cast, which is really unusual on Broadway," dishes a backstage insider close to the 27-year-old *Dancing with the Stars* winner. "But despite having someone for *her* wigs and *her* makeup, she's always whining: Her dressing room is too small, her clothes aren't perfect — you name it, she hates it."

And the rest of the cast is no exception. "Rumer is really unfriendly and isolates herself," snipes the Broadway veteran, adding that Rumer's positive reviews have only bolstered her already inflated ego. "Her whole attitude is ridiculous. It's actually a shame, because half the fun of doing a play is becoming close with the cast and crew. Really, it's her loss." ★

BOTCHED DOC TERRY DUBROW AND HIS WIFE, **REAL HOUSEWIVES OF ORANGE COUNTY** STAR HEATHER, SAT DOWN WITH **STAR** TO DISH ABOUT NIPS, TUCKS AND THEIR NEW DREAM HOME.

STARS TALK TO STAR

HEATHER & TERRY DUBROW

Dr. Dubrow, what can we expect on the upcoming season of *Botched*?

TD: This season, we had about 10,000 applicants, and we're seeing a lot of bad boob jobs. The problem is, legally, any doctor can do plastic surgery. A rheumatologist can take a weekend course in plastic surgery and do breast augmentation. One guy had his nose done by a dentist!

Heather, tell us about your new skin-care line — is it going to put you out of business, Dr. Dubrow?

TD: Ha! Hopefully not — we've got four kids to feed and a new house!

HD: Consult Beaute is all about nonsurgical solutions to antiaging. As you get older, you need volume in your face, and these

creams will give it to you without needles. There's eye cream with hexapeptides that give you a Botox effect, and we have our Beauty Shake that's drinkable collagen and a meal replacement.

Speaking of your new megamansion, what's your favorite feature?

HD: You know the meme you see on Instagram of the doorbell that says "Press for Champagne"? I made that real and put it in my closet. It's an actual bell that will ring for champs, and it's going to be fabulous. ★

For more of our exclusive chat with Terry and Heather, visit starmagazine.com!

Tune in to *Botched*, Tuesdays at 9PM on E!

NICOLE'S LEGGY SECRET

At 5'11", **Nicole Kidman** is almost as famous for her gorgeous gams as she is for her films — but an insider tells *Star* that her lean legs don't come easy! "Nicole has a daily moisturization and exfoliation ritual, and she gets weekly massages and laser treatments to fight veins and keep her skin soft," tattles the source. "Plus she has an intense squat-and-lunge routine to combat cellulite."

The actress, who's reportedly insured her stems for millions, is determined to look her best on her new HBO series with **Reese Witherspoon**, *Big Little Lies*. "She wants a masseuse around the set at all times to focus on lymphatic drainage, which carries waste products away from the tissues and back toward the heart," explains the pal. "Her legs have to look perfect onscreen!" ★

GWEN & DEMI *Bonding Over Heartbreak*

Newly single **Gwen Stefani** has found a breakup mentor in fellow divorcée **Demi Moore**! The unlikely new BFFs had an intense tête-à-tête during a party at **Tobey Maguire**'s home on Sept. 27.

"Gwen spent the whole time on a couch, spilling her guts to Demi about her split from **Gavin [Rossdale]**," said a partygoer. "She never thought she'd get divorced, so she was asking Demi how she handled things and what she told her children."

But Demi didn't seem to mind playing therapist for her pal, adds the witness: "She told Gwen that since she's been through two painful and public breakups, she's around if Gwen needs a shoulder — and even invited her to a yoga class." As her split from Gavin gets messier, no doubt Gwen will be taking her up on the offer! ★

Justin *JONESING TO HOST THE OSCARS*

Justin Timberlake wants to bring sexy back to the Academy Awards! The pop star has been lying low since the April birth of his son, **Silas**, but he's keen to make a comeback by hosting the 2016 Oscars.

"Justin is campaigning hard with producers and is billing himself as the total package," reports an industry spy, adding that the *NSYNC alum has experience hosting the ESPYs in 2008. "He's playing up the fact that he's a singer, dancer and actor. Plus he bridges the gap between old and young."

And forget about any stage fright! "Justin says he's not scared that so many hosts, like **Neil Patrick Harris**, ended up bombing," adds the insider. "Producers are starting to agree that his confidence may just be the magic touch." ★

The latest hookups, breakups and makeups

“They were supposed to reconnect and reignite the passion that’s missing from their marriage,” says a source.

TOO
LITTLE,
TOO
LATE?

Reese & Jim WALKING A THIN LINE

It was a sink-or-swim vacation meant to salvage their relationship, but it ended before it began.

WHEN a marriage takes a turn for the worse, nothing helps resuscitate the romance like a kids-free vacation.

Insiders say that’s just what **Reese Witherspoon** and her husband, **Jim Toth**, were planning when they bought plane tickets to Naples, Italy, for Sept. 27; they were hoping to spend 10 days re-creating the passion of their 2011 honeymoon in Positano. But sadly, according to insiders, this time around they never even got off the ground.

“Reese freaked out once she realized that they were flying out on their son’s birthday,” a source tells *Star*. Jim tried everything to convince the 39-year-

old actress that the kids – including Ava, 16, and Deacon, 11 – would be all right. “Tennessee was only turning 3, so he wouldn’t have remembered much anyway,” the pal explains. “Jim even suggested celebrating the day before, but Reese refused and canceled the entire trip.”

Needless to say, Jim, 45, wasn’t happy. “They really needed to put some time aside to work on their relationship, and Jim thought Italy would be where he and Reese could finally reconnect,” says the source, adding that the Hollywood agent was “devastated” by the abrupt cancellation.

As *Star* previously reported, Reese and

Jim are having a tough year. The couple have reportedly been feuding over a host of issues, including whether to have more kids and Reese’s busy schedule. The bickering has allegedly driven Jim to hide away at a local bar. “They’ve been spending more and more time apart,” says the pal. “Reese is great at putting on a smile and pretending everything’s OK – but the reality is, things are not good. They hold hands when photographers are around, but behind closed doors, they’re not as happy as they once were.”

And insiders aren’t sure how much longer the couple will last. “Hopefully they’ll reschedule their trip, pronto,” says the friend. ★

Megan Tells Brian: GET TO WORK!

Brian Austin Green is fine with saying good-bye to **Megan Fox**, but don't ask him to part with her paychecks! According to divorce documents, the former *90210* star, 42, is asking for spousal support from his estranged wife, 29, after being diagnosed with vertigo — which is triggered by movement and causes dizziness, headaches and nausea — following a car accident in December. Oh, and it also prevents him from securing acting gigs. “Brian says he can’t work, but Megan sees him driving and hitting up the gym without any issues,” a source tells *Star*. Case in point: The actor was photographed on Sept. 14 playing basketball at his trainer’s gym in West Hollywood. “Megan thinks Brian is totally faking this to get her money,” says the pal. “She’s already preparing for a showdown in court. They still live together, so you can bet Megan is taking careful note of just how active he really is.” ★

Gwyneth & Brad CONSCIOUSLY COHABITING

Yours, mine and ours? According to sources, **Gwyneth Paltrow** has not only given **Brad Falchuk** the keys to her Goopy heart but also to her Brentwood, Calif., estate. “They spend every minute together as it is, so it just seemed silly to not make it official,” an insider tells *Star*. “Still, this was a big step forward for Brad and Gwyneth.” Another sign that things are getting serious? While the couple have done their best to keep their relationship under wraps, Brad, 44, and Gwyneth have begun taking baby steps into the spotlight. The *Scream Queens* creator brought Gwyneth, 43, as his date to the horror-comedy series’ premiere on Sept. 15 and even posted a photo from their night out to Instagram. “She’s so happy to have found a man like Brad,” says the source. But does he do the dishes? ★

Anne PREGNANT?

There’s no doubt that **Anne Hathaway** looked absolutely stunning in a figure-hugging black-lace Jonathan Simkhai dress at the Sept. 27 U.K. premiere of *The Intern*. However, it wasn’t the actress’ fashion sense that set everyone buzzing. It was that bump! “Anne and her husband, **Adam [Shulman]**, always said they wanted to enjoy being married for a few years before they started a family,” a source tells *Star*. “And now it seems like it could be happening! She’s even put down her champagne flute in favor of sparking water as of late.” Could the actress, 32, have some good news to share? ★

Nick & Kate's

ROLLER-COASTER ROMANCE

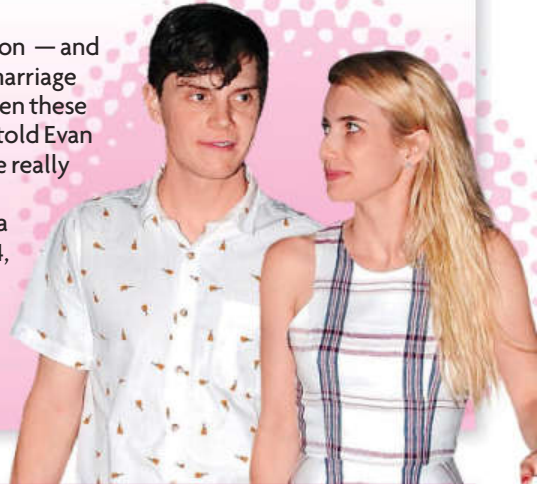

NO wonder they call it the Most Magical Place on Earth! On Sept. 24, **Kate Hudson** snuck off the *Mother's Day* film set for a weekend away with **Nick Jonas** at Walt Disney World in Orlando, where the actress was caught giving the singer a good-luck kiss before his House of Blues set. The next morning, fans spotted the cougar, 36, and her cub, 23, coming up for air (and brunch) in Miami. While Kate and Nick aren't dating, *Star* can confirm they have been hooking up. "They're both adults who just got out of long relationships, and they're enjoying the perks of a casual fling," says a source. "Kate thinks Nick's hot, and she doesn't care about their 13-year age difference." As for Nick, this isn't the first time he's won over an older woman. Back in 2011, the former Jonas Brother was still a teen when he dated Australian singer **Delta Goodrem**, then 26. "Kate's age is actually a huge turn-on for Nick," says a pal. "She's a woman who knows what she wants and what she's doing!" ★

Julia SAVES EMMA'S ENGAGEMENT

It's a horror story with a happy ending. After breaking off their engagement in June, **Emma Roberts** and **Evan Peters** are back on — and they have her aunt **Julia Roberts** to thank. "With her own marriage unraveling, Julia wanted to help set things straight between these two," says a source close to *the Eat Pray Love* star. "She told Evan that Emma had been a mess since the split and that she really regretted how she treated him." (Emma, now 24, was arrested in 2013 after an argument left Evan, 28, with a broken nose.) It took some convincing, but on Aug. 24, the *American Horror Story* costars met for dinner at Katsuya in West Hollywood. "Emma can't thank Julia enough for making Evan see that she deserved a second chance," says the pal. "He's the love of her life, and she's not going to mess it up this time." ★

"Tatum kept brushing her hand up against her date's arm," an onlooker tells *Star*. "There was a lot of giggling, flirting and lingering looks. A waiter brought over two glasses of red wine, and Tatum suggested a toast. No one could believe it!" (The Oscar winner, 51, has long battled addiction and is in AA.) "She didn't seem to be thinking of Rosie or her sobriety," says the source. "The two left together in a Mercedes, with Tatum riding shotgun. A YEAR OF FIGHTING

BRAD'S ultimatum comes after months of blowouts with Angelina over her refusal to get healthy. Back in November 2014 — just three months after their romantic French wedding — the couple were photographed midaltercation on a hotel balcony in Sydney. An insider tells *Star* that tensions erupted after Brad suggested Angie take a break before doing postproduction work on *By the Sea*, the film she wrote and directed and they costarred in together. "He thought she was taking on way too much after the double mastectomy and the wedding and shooting the film; he saw how weak she was getting and thought she needed to rest," the source reveals. "But she disagreed, and they got into a huge fight about it — perhaps the most bitter fight they've ever had. She accused him of trying to control her, and he told her she was being selfish and irresponsible. They've continued that battle in some form or another, over her health issues and weight loss, ever since."

ON THE

TERRIFIED FOR HIS WIFE'S HEALTH,
BRAD PITT ISSUES A TOUGH-LOVE
ULTIMATUM TO A DANGEROUSLY
THIN ANGELINA JOLIE: IF YOU
DON'T GET HELP, WE'RE DONE!

As she's traveled the world in recent years, meeting with refugees and world leaders, **Angelina Jolie** has appeared less the glamorous Oscar winner she once was and more the somber humanitarian she's become. Part of that shift can be chalked up to the serious nature of her work — but much of it is due to her sunken, pale face and her frail, emaciated frame. Her transformation has been so shockingly dramatic, Angie looks like a shell of her former self.

In fact, sources close to the Jolie-Pitt family say the superstar is in the grips of a grave health crisis related to her long-standing food issues. "She's always been thin, but it's never been this bad before," one insider explains. "She's at an all-time low of 83 lbs."

The situation has gotten so out of control that Angie's husband, **Brad Pitt**, has resorted to drastic measures to get her into treatment. "He's tried for months to help her, and Brad is at the end of his rope," the insider says. "He told her if she doesn't check into rehab for her eating disorder, he's leaving and taking the kids with him."

WASTING AWAY

After witnessing Angelina shrink so severely lately, friends and fans alike have wondered how the once-athletic actress could have allowed herself to deteriorate. The insider says it comes down to her food choices. "Angie basically smokes all day, has one glass of wine at night with maybe a few bites of chicken — and that's it," the source reveals. "She looks incredibly gaunt, and her skin is practically translucent — she has to wear a ton of makeup just to give her complexion a little color. Her hair has thinned out so much too. She just looks terribly ill."

On top of that, Angelina, 40, refuses to ease up on her breakneck schedule, which includes frequent trips crisscrossing the globe in her role as a special envoy for the United Nations, scouting locations for her future film shoots, developing and writing scripts, and directing and acting in movies. Her days are so busy that Brad, 51, worries she's not consuming enough calories to sustain her high-energy lifestyle. "He's constantly lecturing her about not eating, but she won't listen," the insider notes. "It's tearing Brad apart. He loves his wife and wants her to be healthy, but she is just not taking care of herself."

And taking care of her health has never been more crucial for the mother of six: She underwent a double mastectomy in 2013 and had her ovaries and fallopian tubes removed in early 2015 to prevent cancer. "Brad keeps telling her

All Hands on Deck

Even Angie's children have grown concerned about their mom's unhealthy habits. "They see what's happening and try to get her to eat — Pax even makes her cupcakes, but she won't touch them," a source says. "Finally, the kids begged Brad to 'fix her.' They literally told him, 'Mom needs help!' It's so sad," the source continues. "The amount of stress that family is dealing with is through the roof."

that having those procedures isn't enough; she needs proper nutrition to help with the healing process," the source says. "Watching her cope with the pain of those surgeries was so hard for their family, and Brad is begging her to spare their children the trauma of witnessing their mom go through another health crisis."

WHY SHE DOES IT

Angie's commitment to her human-rights advocacy may be at the root of her problem. "Her work with refugees and victims of sexual violence is obviously very important, but it's running her ragged," the source explains. "Their stories really upset her, to the point where she is depressed for weeks thinking about them."

In 2011, a report surfaced that Angelina would purposely starve herself before and during her UN refugee missions in order to put herself in their shoes. "She says, 'If they can't eat, I can't eat,'" a source noted.

An actor in her 2014 film *Unbroken* expressed a similar sentiment when he described how Angelina, who

FROM FIT TO FRAIL: ANGIE'S BODY EVOLUTION

1991

Even as a 16-year-old model, Angie struggled with body-image issues, according to her longtime nanny, Cis Rundle. "I carried her to the hospital. She was in that anorexic stage," Cis recently revealed.

1999

Angelina's career — and body — started to gain attention in Hollywood after she won a Golden Globe for the TV movie *Gia*. A year later, she scored an Oscar for her performance in *Girl, Interrupted*.

2001

To play the buff action hero Lara Croft in *Tomb Raider*, Angie stuck to a high-protein diet and an extreme fitness regimen. "I never felt healthier or stronger than during the filming of this movie," she later said.

2005

She'd been working out intensively for years (thanks to a 2003 *Tomb Raider* sequel) when she started shooting *Mr. and Mrs. Smith*, an action flick that showcased her sexy figure — and first paired her with Brad!

2007

Angie suffered her first public bout of extreme weight loss following a painful life change. "This year, I lost my mom and I've gone through a lot," she explained. "I don't encourage young girls to be too thin.... I am just trying to work through a difficult year."

The Weight Of The World

Angelina reportedly fasts during her humanitarian missions so she can better understand the plight of the refugees she's meeting.

directed the film, didn't eat on-set to show solidarity with her actors. "She was so thin because most of the actors were not able to eat — [they played] prisoners in the prison camp," said the Japanese actor **Miyavi**. "She was so determined. I was also surprised at how skinny she got."

Despite her deep empathy for others, experts say Angelina may not be setting the best example for her children, Maddox, 14, Pax, 11, Zahara, 10, Shiloh, 9, and twins Knox and Vivienne, 7. "Kids notice how a parent interacts and connects

with food, so they will notice when that relationship becomes unhealthy," says Dr. Karen Ruskin, a family and marriage therapist. "Kids are sponges. They learn from observing their parents."

GETTING HELP

Dr. Ruskin says that making excuses for not eating, as Angie does, is common among those suffering from anorexia. "People who have an eating disorder, such as anorexia, don't see themselves through the same lens that other people

do, so they don't believe they have a problem," Dr. Ruskin tells *Star*. "Or there are cases in which people know they have a problem but are subject to the pattern of not eating because they are under pressure to look a certain way, which is very common in the entertainment business."

Indeed, the family insider says that Angelina has expressed a desire to lose even more weight before the November premiere of her next movie, *By the Sea*. "She says she's worried she'll look terrible for the press tour — and that's why she is slimming down," the source says. "But Brad knows she's just making excuses."

Which is why Brad issued the divorce ultimatum. "He wants Angie to focus on herself and her family, before it's too late," the insider says. "Brad told her he doesn't want their kids exposed to this situation any longer, and he's not going to stand by and watch while the mother of his children kills herself." ★

2008

Getting pregnant with twins Knox and Vivienne helped Angelina to get her health back on track. "I love being pregnant," she said at the time. "You just feel like everything about your body is there for your baby."

2010

During her high-impact fight training for the spy thriller *Salt*, Angie was eating four to five meals a day so she wouldn't lose weight. She maintained that healthy physique through to the film's premiere.

2012

The actress' shockingly skinny figure drew criticism again at the 2012 SAG Awards. "I am too thin," she later conceded. "I don't like that I'm that thin."

2013-14

While directing *Unbroken* in Australia in late 2013 — nine months after her double mastectomy — Angelina's frame shrank to perilous proportions. "She was not eating much," revealed Miyavi, an actor in the film. "It was intense." By November 2014, at the movie's premiere (below), she still looked unhealthy.

A FALSE-ALARM
RUN TO THE
EMERGENCY
ROOM
REVEALS THAT
SANDRA HAS
A BRAND-NEW
DAUGHTER!

FIVE months ago, **Sandra Bullock** insisted she was “wickedly unprepared” for another child. Yet Sandra, 51, had a secret under wraps — literally! On Sept. 26, the Oscar winner rushed into the emergency room of Cedars-Sinai Medical Center in Los Angeles, a blanketed toddler girl cradled in her arms. Luckily, within a few hours, whatever concern prompted the trip proved to be nothing serious, and Sandra and the child headed home — and now an

Sandra's
**NEW
BUNDLE
OF JOY**

insider reveals to *Star* that the youngster is Sandra's new daughter!

"It had been a long, difficult adoption process, so Sandra didn't want to go public in case it all came to nothing," a friend of the actress says. The recent health scare "wasn't how she wanted folks to find out that she's become a mom again." What's important is that the little girl "is doing just fine," and fans can expect Sandra to share her news — and her daughter's name — any day now.

Not only are mother and daughter in

tiptop shape, but the men in Sandra's life — her 5-year-old adopted son, Louis, and her relatively new boyfriend, photographer **Bryan Randall** — are as thrilled as she is about the A-listers' family addition.

A DREAM COME TWO

Sandra was with then husband **Jesse James** when they brought Louis home in January 2010. But when the marriage went bust that March due to his numerous affairs, being a mom became even more important to Sandra, who finalized the adoption on her own (her divorce from Jesse was final in June 2010). Single motherhood is never easy — and for a heartbroken, humiliated Sandra it was especially rough — but "Louis made it worth it in so many ways," her pal says. "It's been wonderful, and she has no regrets."

And so, reportedly working with the same New Orleans agency that brought Louis into her life, Sandra began anew and was deep into the process as early as 2013 (see sidebar). Unlike celebrities who try to pull strings, Sandra once again followed the rules, committed to waiting in line as long as it took (in Louis' case, it was four years). Her relationship status played no part in her dream of becoming a mother this time. "Sandra was determined to move forward with a second child, with or without a man in her life," explains her friend. And having earned her mettle as a devoted mom, she was rewarded again — this time with a little girl!

HOW SHE DOES IT

Hollywood screenwriters couldn't have conceived a more romantic plot, since Sandra *has* also found a new love. Yet while her bond with Bryan, 49 — whom she started dating six months ago, after hiring him to shoot Louis' birthday party — quickly became close (living together is apparently in the cards), she's made it clear that she's the boss when it comes to the kids. "After the betrayal she went through with Jesse, Sandra definitely has some trust issues," her pal allows. "Bryan wants to be involved with the children, but for now, raising them is 100 percent her responsibility."

HER
MAIN
MAN!

The Best Big Brother!

"Sandra made sure to prepare Louis to welcome a new family member," says the actress' friend. "He adores his little sister!"

YOU READ IT HERE FIRST!

As *Star* reported in October 2013, Sandra had been planning to welcome a newcomer for some time, as long as it was OK with the adorable little Louis! Back then, she said giving her son a sibling was something "I think about every day." To ensure he wouldn't feel threatened, Sandra went so far as to consult a counselor on how to broach the subject. "She did everything right," her pal says, "even encouraging Louis to help decorate his sister's room and decide on her name."

That's perhaps a wise move, considering Bryan's criminal past, which includes drug and alcohol problems, a DUI conviction with some jail time and accusations that he was a deadbeat dad when his now 21-year-old daughter, Skylar, was a child. Still, Bryan has reportedly worked hard to turn his life around. "Bryan is wonderful with both children, very hands-on," says the insider. "Sandra really appreciates the love and attention he shows them."

As to the other man in Sandra's life, Louis has taken to being a big brother "like a duck to water!" says the source. "He loves his little sister — he's very protective of her and clearly can't get enough of her."

"So far, it's been perfect," Sandra's pal says. "Sandra wanted more children but downplayed it because she wasn't sure if it would happen. Now she is absolutely overjoyed."

Does that mean more little ones on the agenda? "I've always said that I could have a house full of kids," Sandra hinted earlier this year. Stay tuned! ★

In a 2004 interview about his philosophy of life, manic funnyman **Jim Carrey** explained: “It all comes down to the same thing... You are either in a loving place, or you are in an unloving place. If you are with me right now, you cannot be unhappy. It’s not possible.” All these years later, due to the most horrific and tragic of circumstances, Carrey’s declaration appears to have been proven more boast than fact.

On the night of Sept. 28, his on-again, off-again girlfriend, makeup artist Cathriona White, was found dead at a private Los Angeles residence of a suspected drug-overdose suicide. Reportedly, prescription pills were discovered near her body, along with a note addressed to Jim — which included a reference to their breakup just four days before she took her own life. A native of Ireland’s County Tipperary, Cathriona, 30, began dating Carrey, 53, after they met in 2012; she had moved to L.A. three years earlier. The couple eventually split up, then reunited early this spring — but now those close to her wonder what could have driven the brunette beauty over the edge after her romance with Carrey ended for a second time last month.

GRASPING FOR ANSWERS

“I talked to her on her birthday two weeks ago, and she sounded great,” says heartbroken close pal Joseph Réohm. “When I heard about [her death], it was devastating.” Another friend, realtor Judd Weiss, adds: “She had a lot going for her, a great life ahead of her, so I just can’t understand it. I have no idea why she did this at all.”

But a source who’s friends with one of Jim’s former galpals tells *Star* that

Words Of Sorrow

“I am shocked and deeply saddened by the passing of my sweet Cathriona,” said Jim (pictured with her in NYC last May) in a statement released after her death. “She was a truly kind and delicate Irish flower, too sensitive for this soil, to whom loving and being loved was all that sparkled.”

TIMELINE OF TRAGEDY

Jim and Cathriona's second romantic go-round reportedly ended on Sept. 24 — the same day she posted what is now clearly an ominous message to her Twitter account (below). Cathriona may also have been feeling despondent the day before, given her post (bottom) of a writing by Irish poet W.B. Yeats, which included a reference to leaving "this dull world." On Sept. 29, the day after friends found her body at her Los Angeles residence (left), the front door had been sealed off by the L.A. County Coroner, indicating that the location was a crime scene in progress.

may have affected her mental state in the weeks before her death.

TWO MANY?

Cathriona's friend Joseph Réohm says that even when she and Jim first began dating in 2012, "There were times when she was up and down. She was worried about him sometimes — though I don't want to talk about Jim because that's him. When they broke up [the first time], she was devastated."

Tragically, if the fragile beauty was hoping for lasting love after getting involved with Carrey a second time, it appears she didn't pay close enough attention to Jim's own words after their first split. "Cathriona is a lovely young woman," he said. "But as far as dating and stuff goes, I don't know. I'm in love with everybody, all shapes and sizes and whatever. I don't know what to do!" ★

Jim and Cathriona first went public as a couple in September 2012, when they were spotted romping on a beach in Malibu (left).

He was there to comfort her when her father, Pat, lost his battle with cancer just 11 days later. Cathriona had reportedly met Jim earlier that year. The aspiring makeup artist and actress had moved to L.A. from her tiny hometown of Cappawhite, Ireland, in 2009. "The whole town is reeling in shock," a town official stated after Cathriona's death. "Quiet, gentle and beautiful — that's how I would describe [her]." Her family brought her body back to Ireland to be buried beside her father.

Night Nannies TELL ALL!

CARING FOR SPOILED BOYS AND GIRLS
AFTER SUNDOWN CAN BE
EXHAUSTING — AND
THAT DOESN'T EVEN
INCLUDE BABYSITTING
THEIR KIDS!

KANYE WEST

They say you can't put a price on a good night's sleep — and the self-proclaimed genius rapper agrees! To make sure that he caught enough shut-eye during the early days of fatherhood, Kanye shelled out \$2,000 per night for one of Tinseltown's top nannies. "The idea was to keep Kim from becoming stressed when North would wake up crying," dishes a pal. But it seems the pricey paycheck came with a catch: "The amount was vastly reduced if the baby interrupted Kanye's sleep." Guess Yeezus also needs his Zs.

SARAH JESSICA PARKER

Getting kids to fall asleep is no easy feat for any mom. So when the *Sex and the City* star discovered that singing to her 6-year-old twins, Marion and Tabitha, resulted in a one-way ticket to dreamland, the actress made it a part of their nightly routine — even when she's not around to do it. "Her nanny has to sing 'Raindrops Keep Falling on My Head' over and over until they drift off," says a source. "I think it worked once for SJP, and now she's obsessed."

**NO
GIRLS
ALLOWED!**

GWEN STEFANI

Even before she reclaimed her single status, the "Hollaback Girl" singer only hired male caregivers. Her reasoning: They look the best in spandex. Well, in spandex costumes, that is. "Batman, Superman, Spider-Man — you name it, I've dressed up as it," reveals one of the singer's former nannies about her superhero-obsessed sons, Kingston, 9, Zuma, 7, and Apollo, 1, who also love getting dressed up as their idols. "She once promised it as a treat for the boys if they behaved and went to sleep, but I ended up doing it every night!"

**SHE
DEMANDS
RESPECT**

KOURTNEY KARDASHIAN

The eldest Kardashian may seem like a down-to-earth mom who does it all, but it seems her easygoing demeanor comes with plenty of outside affirmations! "She asked me to call her madam at all times," explains a former nanny to the reality star's three children: Mason, 5, Penelope, 3, and Reign, 10 months. "I once slipped up and called her Kourtney, and she threw a hissy fit," continues the source. "I never made that mistake again!"

BEN AFFLECK & JENNIFER GARNER

Months before they announced their split, Ben and Jen's night nanny (no, not *that* nanny!) knew the couple were having marital problems. The caretaker was hired to look after son Samuel, 3, who was a problem sleeper — and she often heard blazing arguments between the pair at all hours of the night. "They screamed and screamed," she says. "They put on a happy front when the three kids were awake, but once the lights were out, it was a different story. I was always on Jen's side, though — she was really nice to me."

FERGIE

Forget fringe handbags! The hottest accessory is a good nanny — and some celebs will do whatever it takes to get one...even steal from their pals. "Fergie and Josh [Duhamel]'s nanny is known as the Sleep Whisperer," claims an insider. "When her friend Kelly Rowland was having a tough time getting her son to sleep and found out about their nanny's ability, she tried to poach her." To make sure that her sitter didn't stray, Fergie offered the nanny a whopping \$1,200 per night! "She stayed put," adds the insider.

**SEEING
RED**

JULIA ROBERTS

Even when the actress wasn't able to tuck her three children into bed at night, she found a way to make sure her kiddos still got to see her pretty face — well, sort of. According to a former staffer, Julia used to make her nannies wear long red wigs when settling the kids at night so they thought it was their *Pretty Woman* mom tucking them in. "It was a bit weird, but I get it," dishes the insider. "She hoped they would think it was her putting them to sleep instead of the sitter." Or Annie.

MUM'S THE WORD

VICTORIA & DAVID BECKHAM

Sometimes a name just sticks — and in the Beckham household, that name is “Jo.” “Every nanny that Victoria and David hire for their 4-year-old daughter, Harper, has to answer to ‘Jo,’” dishes a source, noting that Jo was the name of the child’s first caretaker. “Harper was absolutely devastated when the original Jo stopped working for the family, and since then, she’s continued to call every new minder by the same name.” No, we’re not Jo-king!

CHARLIZE THERON

The Oscar-winning beauty is adamant about keeping the hired help in their place. “I wasn’t allowed to speak or even look at her,” reveals one of her former nannies. Instead of providing updates about the star’s two children — Jackson, 3, and August, 4 months — at the end of each day, the staffer says she was told to take notes in a special diary. “It was odd,” she adds.

BEYONCÉ

Everyone wishes they could bump and grind like Beyoncé...well, almost everyone. The megastar allegedly made her previous nanny learn all the choreography from “Single Ladies” so she could perform it for Blue Ivy, 3, on command. “Seeing her mom sing and dance to the song was the only thing that settled her down,” claims the insider. Looks like that nanny deserves a ring!

CHRIS HEMSWORTH

After reading that children could absorb languages when they’re half asleep, the *Thor* star and his wife, Elsa, instructed their former nanny to speak Spanish to their 3-year-old daughter, India, and 1-year-old twins, Tristan and Sasha, for two hours every evening before bed. “I didn’t even speak Spanish,” exclaims the couple’s prior caretaker. “I used to read from a book and make up funny phrases that made me laugh.” Great Odin’s Raven!

NO
BLONDES

JESSICA SIMPSON

Attractive blondes shouldn't even bother applying for a position with Jessica. Sources say the singer turned business mogul is so worried about her husband, **Eric Johnson**, cheating that she makes it a point to hire only homely household staff. "He's got a real thing for blondes, so the last thing she wants is temptation in her house overnight," divulges a pal. "The night nannies she always hires are, well, not exactly blessed in the looks department."

JESSICA ALBA

Don't even think about reading Dr. Seuss stories to Jessica Alba's children — Honor, 7, and Haven, 4 — before bed. The socially conscious actress has a more introspective nighttime routine in mind. "Jessica makes the night nannies meditate with the kids before bed," reveals an insider. "It's really cute, actually." And if getting two young'uns to sit still and "reflect" isn't challenging enough, the *Honest Life* author also requires that all of her caretakers practice an eco-friendly lifestyle too. ★

NICOLE KIDMAN

In an effort to make sure that her two daughters — Sunday, 7, and Faith, 4 — appreciate their Australian heritage, the A-list actress instructed all her nannies to say, "G'day, mate!" to the children when they woke up each morning. "I always thought it was a bit of a joke," dishes one of the star's former Nashville nannies. "But I was never quite sure, so I said it every day just in case." Crikey!

A photograph of Kris Jenner and Corey Gamble. Kris Jenner is on the left, smiling, wearing a black lace top and a black choker. Corey Gamble is on the right, kissing her on the cheek, wearing a black suit and a white shirt. The background is white.

KRIS JENNER has made a fortune off her children's over-the-top weddings on *Keeping Up with the Kardashians* throughout the years, and now she's ready to cash in on her own happily ever after. Last month, the 59-year-old reality star celebrated her first anniversary with boyfriend **Corey Gamble**, 34, in Paris — and sources claim a walk down the aisle may not be too far off.

"Kris randomly asked Corey if he would ever consider marrying her, and he immediately told her yes," a source tells *Star*. "Corey

Made For TV

"Kris does care about Corey a lot," says a source. "But she also believes that marrying him would increase interest in them as a couple — and help with ratings on the show."

Kris & Corey **TALKING** **MARRIAGE!**

didn't flinch; he knows his role in all this. Of course he'd be on board."

LOVE, ACTUALLY?

Although their relationship started out as a fling, the mother of six insists that she's head over heels for her new beau and has wasted no time moving him into her sprawling \$4 million Hidden Hills, Calif., mansion. Last season, **Kim** even complained to **Khloé** and **Scott Disick** about having to listen to her mother's vocal sexcapades with Corey while living at her mom's house — although a source tells *Star* that Kris' sex life is less steamy than she wants the world to believe.

"Kris goaded Kim into talking about her getting busy with Corey on the show," explains the source. "She loves that people think of her as a sexy cougar, but she's actually confided to Kim that her sex drive has seriously diminished since going through menopause. As usual, it's all about appearances."

And Corey clearly appears to dote on the momager, even if she treats him more like a manservant than a boyfriend. "You see him carrying her purse more than holding her hand!" laughs one insider. As **Justin Bieber**'s tour manager, Corey doesn't have much work these days besides attending to Kris and her need for arm candy — an occupation he also gets paid for whenever he gets to appear on the show. But whether he's in it for love or for money, he seems to be all-in. "If Kris wants a wedding, he'll give her one," pronounces the source.

Kris & Kim

Kim & Kanye

LAST MAN STANDING

Outside of landing a life mate, Kris has another very big reason for talking marriage. Many speculate she's just as interested in driving ratings as she in wedding Corey. The season 11 premiere drew in just 1.29 million viewers, about half the 2.5 million who tuned in for the previous season opener. Plus, with **Caitlyn Jenner**, **Scott**, **Lamar Odom** and **Rob Kardashian** off the show — and **Kanye West** refusing to take an active role on it — the franchise is in desperate need of a good deal more men... and more drama.

"She hopes that marrying Corey on air will up the show's numbers, and of course,

WHITE MEANS GREEN

Everyone loves a wedding — especially Kris Jenner. Between exclusive photos and televised specials, the Kardashian matriarch has turned her daughters' nuptials into a moneymaking machine. Kim Kardashian and

Kris Humphries' two-part, four-hour wedding event averaged an astounding 4.4 million viewers (and earned some \$18 million through the sale of photo rights and overall coverage), while Khloé Kardashian and Lamar Odom's fairy-tale ceremony nabbed an impressive 3.2 million viewers. But the biggest ratings boost of all: the season-nine finale of *KUWTK*, when 5.8 million people tuned in to watch snippets of footage from Kim's Italian wedding to Kanye West. The million-dollar question for Kris: How many would tune in to watch her marry Corey?

Khloé & Lamar

make her the star," gushed the pal. "She's even talking about pitching a spin-off focusing on her and Corey as newlyweds."

Although Kris and Corey haven't formalized their plans yet, she's already allegedly conceptualized the whole moneymaking shindig, from a wild bachelorette party in Las Vegas to a romantic sunset ceremony in Malibu. And, of course, she wants to make sure everything is captured on film. "She even plans on having film crews around when she calls to tell Caitlyn the news," says the source. "While everything is still top secret for the moment, Kris is eager to get the ball rolling, so Corey's 'proposal' can end up as the season finale." ★

SHEDDING Your Size!

GET THAT LBD EVEN LITTLER FOR THE HOLIDAYS

It's much harder to look your very best in that little black dress when you have only a week to do it, so don't wait until November to get started! Here are simple, effective ways to not only look fit and trim for the holiday season but also give yourself a feel-good bulwark against the inevitable seasonal stress!

HIGH-INTENSITY INTERVAL TRAINING (HIIT) is a combination of fast bursts of exercises with rest periods. It's effective at building lean muscle mass (which helps burn calories) and boosting endorphins (to help you deal with crazy relatives). The rest stops allow the body to maintain the muscle, while the short, intense bursts shed fat. Your metabolism will remain high for another 24 hours, which means your workout will continue to shape your body well after you finish the last rep! You can perform intervals with body-weight exercises on a treadmill or elliptical or even with a jump rope.

Combining HIIT with yoga is a great way to get the physical and mental benefits that both workouts offer. Start by doing the HIIT exercises as fast as possible for one minute, resting for 30 seconds in between. Use a very light weight for each move (three to five lbs.). Then follow the HIIT with a few yoga poses, holding for 10 deep breaths. Perform this routine three to five times a week, and you'll see major benefits in a short period of time!

CARRIE UNDERWOOD

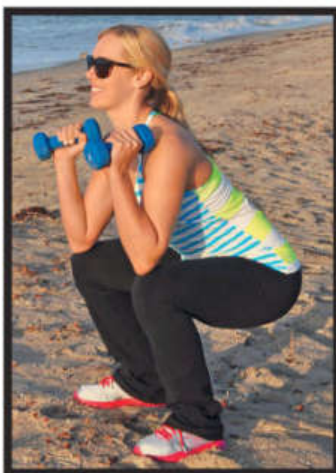

Girl's got some gambs! The country crooner maintains her lean legs by incorporating squats and lunges into her regular workouts.

Check out Nora's workout videos, nutrition programs and health tips at noratobin.com, at starmagazine.com and on Instagram: @NoraTobin.

SQUATS

Step 1: Stand with feet hip-width apart. Deeply bend knees, shift hips back and lower down until thighs are parallel to the ground. Keep chest up and shoulder blades drawn together.

Step 2: Explosively press through feet to come back up to standing. Immediately lower back down into a squat. Maintain knees behind toes and hips back.

ROWS

Step 1: Come into a straight-arm plank with weights under shoulders and feet wider than hip-width apart. Drive the weight up to shoulder height, with elbow remaining close to side.

Step 2: Return to center and switch sides. Continue to alternate, keeping hips level and torso still.

Anna would love to work with her boyfriend, Alex Anfanger, who cocreated and starred in the Comedy Central series *Big Time in Hollywood, FL*. But when asked if the two were competitive, she said, "Not really — it's not like he's a 5'8" blonde female on a Fox show!"

WHO knew solving murders could be so much fun? On the new hit series *Rosewood*, the titular cool and charismatic pathologist (**Morris Chestnut**) helps the Miami P.D. solve cases with the aid of his brilliant yet quirky scientists, including his sister Pippy (**Gabrielle Dennis**) and her fast-talking fiancée, Tara (**Anna Konkle**).

It's the first major TV role for comedy writer and recent NYU grad Anna, and she spoke to *Star* about getting the gig and how her mother inspired her.

How did you approach playing your character?

Tara reminds me a lot of my mother. She's a holistic nurse who does Reiki and meditation and is very funny and flighty.

Are you similar to Tara?

I'm not a science wiz, but I definitely have similar neuroses and a foot-in-my-mouth quality where I say a little more than I should.

How do you get along with your on-screen girlfriend?

Before I got the part, Gabrielle and I met for coffee. At first it

was really awkward, but she was very sweet — and by the time we were in the room to do a chemistry read, it was just really fun. We ended up improvising and randomly singing a **Beyoncé** song.

How about Morris?

He's insanely charming and good-looking. Being the cynical person I am, I was like, "We'll see how that turns out in a couple of months." But every day, he was so kind and hardworking and gracious. Hair Health

My hair was thinning

About a year ago I noticed my hair starting to fall out. I would find hairs in the shower and lots on my brush. It was so bad that my hair started to appear thin. This made me very concerned so I looked for solutions.

The pharmacist directed me to Hair Volume, a well-known hair product from Europe, that contains biotin, silica, millet and apple extract. I thought it sounded good, so I gave it a try.

IT WORKED FOR ME

Now I have been using it for 2 months and I am really happy with the product. It really works for me - I strongly recommend it".

→ THE WALK

This uneven yet gripping film retells the true story of fearless French daredevil **Philippe Petit** (**Joseph Gordon-Levitt**), who strung a wire between the tops of the twin towers of NYC's still-unfinished World Trade Center in 1974 and then walked across it. It's cheesy and contrived for the first two-thirds as Petit and his cohorts plan the illegal stunt, but the final 30 minutes or so are as breathtakingly thrilling as anything you've ever seen. Director **Robert Zemeckis** (*Cast Away*) creates images of Petit walking 1,400 feet above New York City, forcing the audience to stare down at that 110-story drop — which will have you holding your breath and clutching your armrest with tension. Unfortunately, so much leading up to it is mundane and manipulative that it begs the question: Does a great climax excuse an otherwise weak film? In this case, yes.

MOVIES

→ PAN

J.M. Barrie's beloved children's book, *Peter Pan*, may be magical onstage, but this new prequel that attempts to tell the origin story of Peter and Hook isn't just disappointing — it's disastrous. Peter (**Levi Miller**) is a British orphan during World War II who is kidnapped as slave labor to Neverland by the ridiculously over-the-top pirate Blackbeard (**Hugh Jackman**). He escapes, with the help of adventurer Hook (**Garrett Hedlund**), and leads the fairies and natives —

including Tiger Lily (**Rooney Mara**) — in an uprising.

And he learns to fly. The digital effects and action scenes are lavishly silly and not particularly interesting, and the film boasts some of the most consistently wooden dialogue in recent memory.

LONG STORY SHORT:

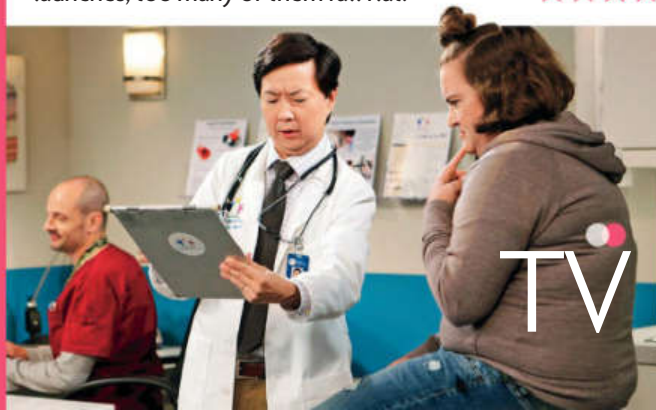

Happy thoughts are in short supply. ★★★★★

→ DR. KEN

Airs Fridays at 8:30PM on ABC

As an outrageous supporting player in many projects (*Community*, *The Hangover* movies), **Ken Jeong** can be as crazy as he wants, because he ultimately is doing it in small doses. But this new series, which mirrors his real life — he's an actual medical doctor who pursued a career in showbiz — is all Jeong all the time, and he gets tiresome in a hurry. He's a physician who must balance work and home; his wife (**Suzu Nakamura**) is a psychotherapist, and his kids are a handful — but the real baby in this playpen is the doctor himself. And that's where the show goes wrong. Jeong does occasionally get off a good joke, but given how many he launches, too many of them fall flat. ★★★★★

Premieres Monday, Oct. 12, at 10PM on FX

The second season of the anthology crime drama based on the hit **Coen brothers** film takes place in 1979 in freezing Sioux Falls, S.D., and Luverne, Minn. A local crime family (including **Jean Smart**, **Jeffrey Donovan** and **Kieran Culkin**) goes up against the Kansas City mob (led by **Brad Garrett** and **Bokeem Woodbine**), which wants to expand north. Caught in the middle are the local cops (**Patrick Wilson** and **Ted Danson**) — and then there's the murderous local beautician (**Kirsten Dunst**) and her timid husband (**Jesse Plemons**). The performances are solid, but instead of

finding humor in the desperation of small-town folks with big problems, as the Coen brothers did, this series tends to mock them — and is less compelling as a result. ★★☆☆☆

From left: Watkins, Barr and Dewey.

→ CASUAL

Now streaming on Hulu

Michaela Watkins and **Tommy Dewey** star in this new comedy as siblings; she's newly divorced, he's resolutely single with depression problems. She and her teenage daughter (**Tara Lynne Barr**) have moved in with him, and now all three are immersed in the dating scene. Watkins, with her killer timing and delivery, is a comedic secret weapon — the best thing about a bunch of TV series and movies you've probably never seen. Dewey is a likable hunk with a low-energy vibe that's perfect for counterpunching with one-liners. Barr is the spark plug that triggers both of them as the bored, sassy teen trying to keep two adults on track. Give it a couple of episodes, and you'll be hooked. ★★★★★

There are new options to consider at work. Put your thoughts across to those who can make a life-changing decision. If single, social activities can introduce you to someone wonderful, while couples should take time out for romance.

Star CHECK IT OUT!

The fierce *America's Next Top Model* host spent \$2 million renovating the beautiful 1920s Spanish Colonial she bought in 2004 for just \$3 million. She's moving into a new place she recently picked up in Malibu.

Tyra's TOP MANSION

This outdoor eating area built fits 12 and overlooks a private garden.

The remodeled chef's kitchen.

A closet fit for a supermodel.

KATY

Gets Licked Onstage!

Blame it on Rio! Katy Perry brought a wild Brazilian fan onstage during a concert in Rio De Janeiro and got quite the surprise when the aggressively amorous (and maybe high?) young lady began kissing, licking and practically groping the pop star. "She's kissing my neck," exclaimed Katy, who later took a selfie with the girl while declaring "I think she's rolling." The girl only left the stage after the two exchanged butt slaps. What a Firework!

VIVA

LOVE

Candace & Scott's **FULL HOUSE REUNION**

Cut...it...out! As production continues to chug along for the highly anticipated new *Full House* series *Fuller House*, the show's former teen flames, DJ Tanner and Steve Hale (**Candace Cameron Bure** and **Scott Weinger**), stoked the fans' interest when Scott Instagrammed a shot with Candace. While Scott will appear on the Netflix reboot, it's unknown whether he and DJ are still hot and heavy or he just makes an appearance. Heck, there's even a chance Scott could be married to DJ's BFF, Kimmy Gibbler (**Andrea Barber**)!

MATT'S **A HAND-PHIL**

There's a new chapter in the hilarious saga between longtime faux frenemies **Matt Damon** and **Jimmy Kimmel**. Matt made an appearance on *Jimmy Kimmel Live!* wearing a less-than-believable **Dr. Phil** costume and offered some Southern-fried wisdom. But Jimmy saw right through the ruse, and the two then went to couples' therapy to discuss their supposed differences before violently hugging it out and welcoming the real TV doctor.

Star WEEKLY AWARDS

We round up the week's best, worst and downright

* Luckiest Clown

Before he was Wolverine, Hugh Jackman went by the name Coco the Clown. "I used to [work] kids' parties, but I had no magic tricks," the X-Men star confessed. "I remember a 6-year-old standing up at a birthday party and saying, 'Mummy, this clown is terrible.' And he was right." Thankfully, Hugh made a much better superhero.

LOL!

* Cheesiest Craving

Caution: NSFW! A pregnant Kim Kardashian found herself craving Cheetos, so (of course) she created a collage of herself eating a handful of the cheesy puffs.

PANTS
ON FIRE!

* BIGGEST LIAR

Taylor Swift denied purchasing this \$25 million Beverly Hills estate — in cash — but a paper trail states the new homeowner lives at the "Shake It Off" singer's Nashville address.

CAN WE GET
THE CHECK?

* MOST BORED-TO-DEATH BOYFRIEND

Teenagers! With Kylie Jenner twiddling away on her iPhone, poor Tyga almost fell asleep during their "romantic" Sept. 27 dinner date at Rosti Cafe.

THANKS!

* Longest Bathroom Line

Kate Winslet keeps her 2009 Oscar for Best Actress in the bathroom so friends and family can practice their acceptance speeches in private. "You can always tell when someone has because they're in there a bit longer," says Kate. "It's hysterical."
